

James was on a heat related panel with Representative Garcia and Secretary of Labor Julie Su at the Teamsters hall

Dallas Br 132

Wichita Falls Br 1327

Carlos working LCPF at convention

Beaumont Br 842

Legislation we continue to fight for such as, Door Delivery (HR376), USPS Shipping Equity (HR 3721), Improving Access to Workers Compensation (HR618), Federal Retirement Fairness (HR 5995), Repeal Social Security WEP and GPO provisions (HR82), and of course Protect Our Letter Carriers Act (HR 7629). Every single one of those Bills are essential to Letter Carriers. But HR 7629 stands out above the rest. All the Bills are important, but HR 7629 physically affects the lives of Letter Carriers every single day. Since 2020 crimes against Letter Carriers have increased more than 30%, criminals are not scared of the laws that protect Letter Carriers anymore, some of these crimes have cost Letter Carriers their lives. One incident took the life of our sister Mary Granados in Odessa-Midland, Texas in 2019. Letter Carriers are robbed of mail, keys, and their personal belongings on a consistent basis while outperforming their duties, servicing America and a senseless crime happens, it can cause trauma and create fear resulting in that Carrier missing work for a significant period. Let us get HR 7629 a Bipartisan Bill passed so we can get harsher sentences for crimes against Letter Carriers.
